Facilitating placements of graduate students to build capacity for National Agriculture Research and Extension System: The case of iAGRI in Tanzania
Chindime, M. S., Uwituze, S., Nampala, M. P., Osiru, M. and Adipala, E.

Harnessing higher education institutions’ capabilities in controlling trans-boundary animal diseases at the livestock-wildlife interface: the case for African swine fever in Uganda
Masembe, C., Ademun, A. R. O., Stahl, K., Atimnedi, P. and Muwanika, V. B.

My Journey to Makerere University and experience as a beneficiary of an academic mobility scholarship
Oteyo, I. N.

Innovative research and teaching methods towards creation of entrepreneurs
Sila, D.N., Tsunoda, M. and Molteni, M.

Tapping youth innovativeness through education, entrepreneurship and financial inclusion for accelerated development in Africa
Egeru, A., Osiru, M. and Adipala, E.

Transitioning to the world of work through internship: Learning from a regional organisation
Kalungi, J., Kuteesa, C. and Goobi, M.

Perspective on strengthening collaborative research in agriculture and human capital development in Africa
Mayada, M. B.

Refocusing student – farmer attachment at Gulu University for improving efficiency of smallholder farmers in Uganda
Kalule, S.W., Okello, D.M. and Ongeng, D.

Establishment of current and emerging trends in agricultural labour markets in Kenya
Bebe, B.O. and Owuoche, J.O.

Positive work approaches and their influence on institutional high performance and staff wellbeing: A review
Aweko, J.

Catalyzing change in African Universities: Developing transformational leadership and management capacity in African Universities
Okalany, E. and Adipala, E.
Sub-theme 2: *Strengthening ICT and knowledge management in agriculture*

A mechanism for controlling incoming internet traffic into multi-service networks  
**Kato, J.**

Documenting and disseminating agricultural indigenous knowledge for sustainable food security in Uganda  
**Kaddu, S. and Haumba, E.N.**

Integration of indigenous knowledge with ICTs in managing effects of climate change and variability in Kajiado County, Kenya  
**Manei, N., MacOpilo, L. and Kironchi, G.**

Characteristics of effective nutrition-agricultural extension interventions: lessons from civil society extension organizations in Uganda  
**Sitenda, T., Mangheni, N. M., Walekhwa, P. and Kabahenda, M.K.**

Enhancing agricultural knowledge sharing among smallholder farmers in Uganda: An evaluation of mobile and web technologies  
**Mwesigwa, E., Tulinayo, F. P. and Mirembe, D. P.**

Nutrition education competences needed by agricultural extension workers: perceptions of farmers and field extension workers in Uganda  
**Mangheni, M. N., Shimali, F. and Kabahenda, M.**

Community perceptions on the role of indigenous knowledge in policy recommendations for co-management modelling  
**Haambiya, L., Kaunda, E., Likongwe, J., Kambewa, D., Chama, L. and Musuka, C.**

Implementation of a computerized accounting system at RUFORUM Secretariat  
**Nakyobe, J., Nambi, E., Aguti, E. and Ssewankambo, W.**

Sub-theme 3: *Strengthening University outreach, community engagement and innovation platforms*

The role of ICT’s in enhancing university-smallholder farming community engagement  
**Tulinayo, F. P., Mirembe, P.D. and Obaa, B.**

Strengthening capacity for effective smallholder farmers support through university, research and government partnership  
**Ngotho, T. and Norris, D.**

University community linkage: selection and piloting of agro-innovation enterprise clusters to enhance income of households in rural areas of Tigray region, northern Ethiopia  
**Kebede, M., Dawit, G., Mshenga P., Mugonola, B., Nico, C. and Olifemi, A.**
Farmers groups and extension impact: Exploring female farmers’ roles, levels of participation and livelihood benefits within milk bulking groups of Dowa and Dedza districts in Malawi  
Mvula, N. and Mzamu-Kampanje, J.J.

Influence of organizational structure on actor interaction within community level innovation platforms in eastern Uganda  
Mukebezi, R., Obaa, B. and Kyazze, F.B.

Socio-economic drivers of ecosystem service provision  
Ssengabbi, M., Bonabana-Wabbi, J. and Mugonola, B.

Empirical assessment of the relative performance of orthogonal contrast analysis for optimization  
Séro, B.N., Salako, V.K., Idohou, R., Assogbadjo, A.E. and Glêlê Kakaï, R.

Sub-theme 4: Sustainable environment and natural resources management

Comparison of the perceived and “unseen” value of trees in Kamuli district, Uganda  
Atugumya, A.B. and Isabirye, M.

Characterisation of Baobab in selected wild populations in Malawi  
Jenya, H., Munthali, C.R Y. and Luhanga, J.

Building capacity for sustainable baobab leaves production in Benin  
Assogbadjo, A.E., Glêlê Kakaï, R., Idohou, R. and Salako, V.

Influence of mountainous ecosystems in the production of Arabica coffee: A review  
Cherukut, S., Karungi, J., Tumuhairwe, J.B. and Bonabana-Wabbi, J.

Diversity and utilization of selected edible indigenous fruit trees in Northern Uganda  
Ogwali, H., Agea, J. G. and Okullo, J. B. L.

Sub-theme 5: Sustainable intensification within smallholder crop value chains

Pathways to secure smallholder farmer seed security  
Okori, P., Charlie, H., Munthali, W., Kachulu, L., Sichali, F., Elirehema, S., Soka, C., Monyo, E. and Siambi, M.

Demand for African indigenous vegetables and seed in Uganda  
Kansiime, K.M., Karanja, K.D. and Alok, C.
Genetic variation in Durum wheat in N-use efficiency and heritability of traits at different N fertilizer levels of application
Belay, M., Dessalegn, T. and Bayu, W.

Diversity of sorghum in farmers’ fields in Northern and Eastern Uganda
Aponyo, P.C., Businge, M., Otim, M., Isubikalu, P. and Odong, T. L.

Evaluation of mungbean spacing for adaptability in smallholder cropping systems
Ajio, F., Talwana, H. and Kagoda, F.

Factors influencing on-farm common bean productivity in Manyara region in Tanzania
Saimon, V.K., Mshenga, P. and Birachi, E.A.

Consumers’ knowledge and preferences for organic vegetables in Tanzania
Sendewa, D. D., Elepu, G. and Temu, A.

Effect of germination and sodium hydroxide treatments of sorghum cultivars on protein digestibility
Melingasuk, M., Gibreil, S. and Abdal-Hafiz

Sensitivity of cerea-maize simulated yields to biogeochemical components
Mwazembe, D.J., Ankumah, R., Rwehumbiza, F. and Kajumla, S.M.

Adoption and welfare effects of integrated soil fertility management technology among smallholder maize and pigeon pea farmers
Sanka, M. B., Diiro, M.G. and Hillbur, P.

Invasions by insects in Mozambique – a threat to agricultural production and food security
Cugala, D., Miguel, O., Massamby, A., Santos, L. and Sidumo, A.

A comparative study of two sampling approaches for the coconut whitefly and its associated parasitoids in Inhambane province, Mozambique
Kityo, R. and Cugala, D.

Prevalence of Varroa mite infestations among honey bee colonies in Uganda
Namayanja, D., Akol, A.M. and Kugonza, D. R.

Effect of cultivar and thermotherapy combined with meristem-tip culture on eliminating prevalent viruses infecting potato in Uganda
Waswa, M., Kakuhenzire, R. and Ochwo-Ssemakula, M.
Pathogenicity of pineapple heart rot disease causal organisms in Central Uganda
Ocwa, A., Bua, B. and Tusiime, G.

Distribution of maize lethal necrosis disease, its causal viruses and alternatives hosts in north – central regions of Tanzania
Mariki, A., Oresanya, A., Munissi, S., Bekunda, M., Ssemakula, M.O. and Kumar, P. L.

Plant extracts and antagonistic fungi as alternatives to synthetic pesticides in management of fungal diseases of tomato
Lengai, G. M. W., Muthomi, J. W., Wagacha, J. M. and Narla, R. D.

Biopesticide-based IPM systems to reduce synthetic pesticide residues in vegetables for niche market access by small holder growers

Optimum application rates for naturally occurring enthopathogenic fungus for termite management in maize fields
Khaenje, A. W., Gohole, L. S., Maniania, N. K. and Ngode, L.

Managing faba bean diseases using bioinoculants in Northern Ethiopia
Gebremedhin, D., Meles, K. A. and Asefa, D.

Relationship between causal pathogens of ear rots and grain yield in maize in Uganda
Alunga, J.C., Tusiime, G., Asea, G., Gibson, P. and Kwemoi, D. B.

Bacterial leaf streak disease of rice: A silent constraint to rice production in Uganda
Andaku, J. L., Tusiime, G., Tukumuhabwa, P. and Onaga, G.

Evaluation of the response of rice genotypes to bacterial leaf streak disease in Uganda
Kanaabi, M., Tukumuhabwa, P., Tusiime, G. and Lamo, J.

Sources and inheritance of resistance to sesame webworm in Uganda
Matina, G.D., Anyanga, W., Karungi, J. T., Biruma, M., Edema, R., Gibson, P. and Rubaihayo, P.

Applications and benefits of marker-assisted introgression of the opaque-2 gene in quality protein maize breeding
Maibvisira, N. A., Tarekegne, A. T., Gasura, E. and Maphosa, M.

Identification of Turcicum leaf blight resistance genes in sorghum using comparative genomics
Mayada, B.M., Manthi, S., Okori, P. and Odeny, D. A.
Evaluation of biochemical components as a mechanism of cassava resistance to whitefly infestation in Uganda
Mwiwa, N., Rubaihayo, P., Kyamanywa, S., Odong, T., Nuwamanya, E. and Mwala, M.

In vitro techniques for elimination of viruses causing cassava mosaic disease and cassava brown streak disease
Okori, J. B. and Nakabonge, G.

Integrated management of Orobanche crenata in faba bean in Ethiopia
Brhane, T., Kiros-Meles, A., Chala, A. and Asefa, D.

Response of local and improved cowpea varieties to Rhizobia inoculation and phosphorus in West Nile region of Uganda
Nyamaizi, S., Olupot, G., Tumuhairwe, J.B., Amayo, R., Obaa, B. B. and Tereka, E.

Socio-economic factors affecting technical efficiency of potato production in Kenya
Chepkwony, E., Korir, M. and Kipsat, M.

Determinants of adoption of potato production in the low land areas of Uganda
Kyanjo, L.J., Mugisha, J. and Bagamba, F.

Effect of organic and inorganic ammendments on soil chemical and maize yield characteristics in Zimbabwe
Musekiwa, N.B., Chitata, T., Angombe, S., Mhindo, R.L. and Munodawafa, A.

Morphological variation of baobab fruits and seeds traits in smallholders farming systems in Benin: a preliminary study on baobab leaves production
Hounsou-Dindin G., Assogbadjo A.E., Idohou R., Salako V.K. and Glélé Kakaï, R.

Household nutritional knowledge, attitude and practices associated with consumption of wild fruits and vegetables in Acholi Sub-region of Northern Uganda
Okidi, L., Odongo, W. and Ongeng, D.

Performance of wild blackberry species in Kenya under conventional production
Omondi, K.O., Gesimba, R. M. and Wolukau, J. N.
Response to cold stress at reproductive stage of introduced and adapted rice genotypes in Uganda
Nyiramugisha, J., Lamo, J., Oloka, B.M., Ongom, P., Gibson, P. and Edema, R.

Identification of appropriate production packages for increased African nightshade production in Kisii County, Kenya
Nyagari, E.O., Onyango, C. M. and Onwong’a, R. N.

Grass seed value chain analysis in the Southern Kenya rangelands of Makueni and Kajiado counties

Value-addition of cereal crop residues for improving the income, nutrition and performance of small-stock of small-scale farmers using low technology oyster mushroom production in Botswana

Safflower germplasm evaluation for Botswana conditions
Emongor, V. E., Oagile, O., Oarabile, P. and Phuduhudu, D.

Evaluation of safflower genotypes under the semi-arid conditions in Botswana
Oarabile, P., Emongor, V. E., Oagile, O. and Phuduhudu, D.

Farmer practices influencing sweetpotato – soy bean production and rabbit farming in selected sub-counties in Elgeyo Marakwet and Kakamega, Kenya
Kebeney, S. J., Kitilit, J., Jepkemboi, C. and Kale, P.C.

Cassava characterization for diverse use, and on-farm conservation in Uganda: An opportunity for genetic conservation and food security for rural communities
Kalimunjaye, S., Nakabonge, G. and Tumwebaze, S. B.

Diversity among African nightshade genotypes in Kenya
Wesonga, N. L., Ngugi, K. E., Onyango, M.C. and Nyamongo, D.

Factors affecting sweetpotato production and soil fertility challenges among smallholder farmers in Kenya
Jepkemboi, C., Kebeney, S. J. and Kitilit, J.

Productivity of Solanum potato varieties and their yield responses to nitrogen fertilizer application rates in Eastern Rwanda
Karemangingo, C.

Effects of combining in-situ rainwater harvesting technologies and organic manure on soil moisture and maize performance in Morogoro, Tanzania
Balilemwa, J.J., Mugwe, J., Mwetu, K. and Tarimo, A. K. P. R.
Status of water quality in the springs of Huye Town, Rwanda
Kasanziki, C.M. and Anyemedu, F.

Impact of soil and water conservation improvement on the welfare of smallholder farmers in Southern Malawi
Maguza-Tembo, F., Edriss, A.K. and Mangisoni, J.

Sub-theme 6: Sustainable intensification within smallholder livestock value chains

Sero-epidemiology of Peste des petits ruminants infection and the associated risk factors in South Kivu, Democratic Republic of Congo
Bwihangane, B.A., Misinzo, G., Svitick, N., Bebora, L.C and George, C.G.

Effect of feeding tannin cultivars on broiler chicks’ performance
Melingasuk, M., Gibreil, S. and Abdal-Hafiz

Growth and carcass traits in broiler chicken fed on low-tannin grain sorghum in Kenya
Mburu, J. N., Gicheha, J. G., Kabuage, L. W., Njonge, F. K. and Owino, W. O.

Assessment of indigenous chicken production in Western Kenya

The challenge of mycotoxin contamination to Indigenous chicken production in Western Kenya

Strengthening quality protein maize development and utilisation for indigenous chickens in Zimbabwe

Morphological characteristics of indigenous cattle in Eritrea
Goitom, S., Gicheha, M. G. and Teclehimanot, G.

Production and potential utilization of crop residues and agro-industrial by-products in ruminant nutrition in Eritrea
Eyob, H., Njonge, F. K., Goitom, A. and Gicheha, M.

Random regression analyses using B-spline functions to model the growth of large white pigs
Community perception of importance, trends, and variations of indigenous grasses in Southern Kenya
Ndung’u, P. L. N., Wasonga, O.V., Mnene, W. N., Koech, O.K. and Elhadi, Y. A. M.

Fodder production for enhanced pastoral and agro-pastoral resilience in the drylands of Southern Kenya
Wasonga, O.V., Ngoyawu, W. M. and Elhadi, Y.A.M.

Genetic diversity of Mycobacterium tuberculosis drug resistance and atypical mycobacteria in Rwanda
Uwimana, I., Bwanga, F. and Umabyeye, A. N.

Sub-theme 7: Marine science and blue economy - fisheries and aquaculture

Socio-economic and profitability of fisheries enterprises: The case of Fincha Amarti Nashe reservoir of Oromia State, Horo Guduru Wollega zone, Ethiopia
Keno, B. and Zewdie, A.

Economic analysis of small-scale fish farming in Bunda, Lilongwe, Malawi
Mussa, H., Kaunda, E. and Banda, L.

Sectorial appraisal of investor and consumer uptake potential for polychaete culture enterprises along the Kenyan coastline
Kihia, C. M., Muthumbi, A., Munguti, J., Muli, B. and Ombati, T.

Ecological impacts of common carp and the African sharptooth catfish: A review
Chirwa, E. R., Jere, W., Mtethiwa, A. and Sikawa, D.

Growth performance of African sharptooth catfish hatchlings fed enzyme pre-digested dry diets from first feeding
Kemigabo, C., Kang’ombe, J., Jere, W. L., Sikawa, D. and Masembe, C.

Effect of incubation water flow rate and egg population density on hatching success of Oreochromis karongae
Valeta, J., Likongwe, J., Kassam, D., Maluwa, A. and Zidana, H.

Recruitment pattern and abundance of the black tiger shrimp in Andoni River System, Niger Delta region of Nigeria
Komi, W. G. and Amiye, F.

Effects of polychaete based diets on growth and survival of Tiger shrimp juveniles
Muli, B. M., Kihia, C., Fulanda, B. M., Munguti, J. and Muthumbi, A.
Using a molluscivorous cichlid from Lake Malawi as a biological control agent of schistosomiasis snail hosts

Jere, W.W. L., Kanthenga, H., Lusangasi, B., Makuya, C., Sausa, T. and Singini, W.

Sub-theme 8: Reducing postharvest losses

Nutritive value of cooking melon from diverse processed products as energy source for livestock

Madibela, O. R., Basutli, O. and Masebu, H.

Effect of pre-treatments and drying on nutrient content of orange fleshed sweet potatoes in Maswa district, Tanzania

Nicanuru, C., Laswai, H. S. and Sila, D. N.

Pre and post-harvest management practices of groundnut production and their implication to aflatoxin management in Tigray, Ethiopia

GebreEgzabher, H., Tadesse, T., Assefa, D. and Tsegay, A., Meles, K., Abrha, B. and Tsehaye, Y.

Microbiological quality and storage stability of fresh fruit and vegetable juice blends sold in Kampala, Uganda

Kaddumukasa, P. P., Mathara, J.M., Imathiu, S.M. and Nakavuma J.L.

Strengthening rural households hygiene and sanitation in developing countries using locally available resource: Aloe vera soap production in Negash Kebele, Tigray, Ethiopia

Kidu, G., Gebremicheal, B., Muruts, H. and Gebregziabher, D.

Sub-theme 9: Agricultural marketing pathways, product uptake, trade and policy

Effectiveness of mobile phone supported market information dissemination in promoting Agricultural marketing in Northern Uganda

Apili, J. A., Jemal, Y. and Ongeng, D.

Extent of commercialization of indigenous chicken production in Northern Uganda

Aryemo, I. P., Kule, E., Kugonza, D.R., Okot, M.W. and Mugonola, B.

A review of the nutritive value and utilisation of quality protein maize in indigenous chicken production

Bidi, T.N., Neube, S., Dube, A.B., Gasura, E. and Saidi, P. T.

Nutritional quality of soy fortified complementary flours from Western Kenya

Kamau, E.H., Wamunga, F.W. and Serrem, C.A.
Formulation of infant foods fortified with baobab fruit pulp and moringa leaf powder for children under five
Affonfere, M., Chadare, F.J., Madode, Y.E., Nago, E.S.H., Houndji, S. and Azokpota, P.

Effect of consumption of foods fortified with baobab fruit pulp and moringa leaf powder on the nutritional status of children
Agossadou, J.O., Chadare, F.J., Nago, E., Houndji, S., Madode, Y.E., Moumouni, M. I. and Houmhouigan, D.J.

Traditional use of moringa leaves and baobab pulp as fortificant in mother and children feeding in Benin
Chadare, F.J., Nago, E. S. H., Madode, Y.E., Houndji, S. and Moumouni, M. I.

Improving protein and micronutrient quality of cassava meal for primary school feeding in Uganda
Elolu, S., Mugonola, B., Muyanja, C.K. and Ongeng, D.

Potent inhibitors of iron bioavailability in germinated maize used for complementary feeding in Tanzania
Mihafu, F.D., Bovell-Benjamin, A.C. and Laswai, H.S.

Economic viability and competitiveness of processed cassava products among rural women in north and north eastern Uganda
Ajok, W., Ongeng, D. and Mugonola, B.

Sensory properties and consumer acceptability of nutrient dense porridge from locally available foods for infants in Tanzania
Marcel, M., Turyashemererwa, F., Mukisa, I. and Mongi, R.

Physico-chemical, microbiological and sensory qualities of probiotic yoghurt enriched with baobab pulp
Aluko, A., Kinyuru, J., Chove, L. and Owino, W.

Evaluation of nutritional quality of safflower for use as animal feed
Phuduhudu, D., Emongor, V. E., Oagile, O. and Oarabile, P.

Application of edible insects in enriching complementary foods made from common plant sources
Mmari, M., Kinyuru, J. N., Laswai, H. S. and Okoth, J.

Development of a millet-sesame-soy complementary food composite for rural communities
Nassanga, P., Okello-Uma, I. and Ongeng, D.

Effect of amylase activity in germinated maize flour on viscosity, energy and nutrient density of complementary porridge
Yaredi, P., Nabubuya, A. and Msuya, J.
Development and assessment of nutritional quality and sensory properties of orange-fleshed sweetpotato and bambara groundnut-based snacks for school children

**Buzo, H., Mongi, R. J. and Mukisa, I. M.**

Design and simulation of an integrated solar cooker-dryer system

**Ahumuza, A., Zziwa, A., Kambugu, R., Komakech, A. J. and Kiggundu, N.**

Performance evaluation of self-propelled sesame harvesting cutter binder under Gedarif farming conditions, Gedarif State, Sudan

**Elebaid, J. I., Abdalla, S. A. and Osama, A.M.**

Mechanised multi-row seeding of finger millet

**Muyingo. E., Tenywa, J. S. and Kiggundu, N.**

**Sub-theme 10: Strengthening gender mainstreaming to enhance agricultural productivity**

Factors affecting academic performance of female students at Mekelle University, Ethiopia

**Gebrehiwot, D.B., Teklay, A. and Kebede, T.**

Positioning rural women agri-entrepreneurs to address short-term hunger and undernutrition in rural primary schools in Uganda

**Ongeng, D., Mugonola, B. and Mayanja, C.**

Gender based impacts of climate change and adaptation strategies in Raya Azebo district, Tigray Region, Ethiopia

**Negasi, M.**

**Sub-theme 11: Addressing risk associated with climate change variability in agricultural systems**

Assessing local community perceptions on climate change and variability and its effect on crop production in Western Oromia, Ethiopia

**Daba, M.**

Improving resilience of rural women to climate change in Western Sudan

**Mohammed, A. A. H., Muna, A. and Elshiekh, A. I.**

Determinants and impact of climate smart agriculture technology adoption on the welfare of smallholder farmers in Malawi

**Maguza-Tembo, F., Edriss, A. and Mangisoni, J.**

The atmospheric deposition of phosphorus and nitrogen on Lake Kivu

**Bagalwa, M., Majaliwa, M., Kansiime, F., Bootsma, H.A., Karume, K. and Mushagalusa, N.**
The role of environmental education in soil conservation and management in Rakai district Uganda

Nassuna, J. and Egeru, A.
