

Postgraduate Training Opportunities under the RUFORUM Graduate Teaching Assistantship Program (GTA)

During the annual meeting of Vice Chancellors/Presidents/Principals/Rectors of RUFORUM Member Universities (see links about [RUFORUM flier](#) and [RUFORUM at a Glance](#)) held on 11th November 2020, the Vice Chancellors re-affirmed their commitment to the Graduate Teaching Assistantship Program that they initiated in 2014. The objectives of the GTA are to: i) Improve the quality of higher education and increase the pool of PhD-level trained academic staff in African universities; ii) Provide opportunities for the doctoral research to contribute more directly to African development; iii) Strengthen inter- university collaboration in the field of higher education in Africa; and iv) Promote staff mobility among RUFORUM member universities, and across Africa.

Following the meeting of the Vice Chancellors on 11th November 2020, the RUFORUM Secretariat is pleased to announce the availability of training opportunities at the different Member Universities as part of the GTA arrangement. The Secretariat invites for more offers from the other member universities to train GTA candidates.

Under the GTA arrangement:

1. The sending universities nominate the staff to be trained and RUFORUM Secretariat helps to get them placed in receiving (host) Universities
2. The sending universities commit to pay for travel, health insurance, upkeep and research of their staff under training
3. The receiving/host universities waive the fees and associated costs, and provide accommodation for the admitted GTA Fellows
4. Once admission process is completed, the sending and host universities and the nominated GTA Fellow sign a Tripartite Agreement to guide the hosting and training of the Fellow
5. In some cases where opportunities exist, the host University may attach the GTA Fellow to the research program at the hosting university
6. The RUFORUM Secretariat facilitates the GTA arrangement and follows up on the GTA training

The nominations by the Vice Chancellors for the available positions should be submitted to RUFORUM Executive Secretary at secretariat@ruforum.org as soon as possible.
