Thirty Four (34) RUFORUM Member Universities Ranked among top 100 Universities in Africa According to [uniRank](#) 2023

[UniRank](#) African University Ranking recently published the 2023 top 200 recognized higher-education institutions in Africa for their good governance practices and web visibility provided by independent web intelligence sources. UniRank is a non-academic League Table of the top Universities in Africa based on valid, unbiased and non-influenceable web metrics provided by independent web intelligence sources rather than data submitted by the Universities themselves. Universities are ranked based on the following criteria:

- Being chartered, licensed or accredited by the appropriate higher education-related organization in each country
- Offering at least three-year bachelor's degrees or postgraduate master's or doctoral degrees
- Delivering courses predominantly in a traditional, non-distance education format

We congratulate the thirty-four RUFORUM Member universities ranked among the top 100 universities in Africa, [See full list](#)
